There was much accomplished last year. Did some brush hogging on Bartlett's hill, cut down A tree in the fourth gate overcrowding a headstone, and removed a blow down further down in The fourth gate, among some other small jobs.

But will try to use aerator to seed different places in cemetery depending on his health.

Ray will call Dept. of Labor for kids to do menial work such as looking for markers, trimming Grass around fence, painting fence, etc.

Gates were closed at the end of October and will be opened May 1<sup>st</sup> depending on weather.

Ray will work on getting the gates to work better.

Ray will get Neil Perry to help build a fence on Memory Lane Rd.

The only mowing bid was sent in by Dana Jacobs. The job was awarded to him for year 2019.
