

Brighton Planning Commission Minutes

July 15, 2024

The meeting was called to order at 5:34

Update: All Hazards Mitigation Plan: Mike Strait told the board that Noah bond told him that VLCT and the attorney consulted on the Fortin case says that rather than going to court to enforce the bylaw the town should work with Fortin outside the courts to resolve issues.

Mike also asked everyone to read the draft Hazard Mitigation plan so it can be finalized and adopted by the Selectboard.

Mark Vaillancourt expressed concern about the town's ability to enforce the bylaw and wanted a copy of the attorney's letter.

Recent permit applications were presented to the board for their information.

The Board went through HMP and Mike will work on corrections.

Minutes of previous meeting approved.

Motion to adjourn all in favor.
